## Career Exploration

**Mrs. Lowden  marnie.lowden@apollocc.org | 567-940-3910**

**Goal:** To enable a sophomore to earn enough credits to be accepted to and enroll in Apollo as a junior.

**Objectives:**

1. Expose CE students to the career technical programs at Apollo
2. Work with CE students on life skills
3. Work with CE students on employability skills

**Practice:**

The CE students will take a daily related class. The students will also be required to earn their 10 Hour OSHA General Safety Certification prior to visiting labs.  Once OSHA has been completed, the CE students will visit 5 labs, of their choice for a period of 6 weeks each.  For the final few weeks of school, the students will return to their favorite lab, theoretically the lab in which they have been tentatively accepted.

**What credentials can students earn in the program?**

OSHA 10 Hour General Industry Safety and Health

**Program fees:**

Activity Dues- $35.00

**Student Purchased Tools:**

Not needed. Career Exploration supplies PPE and tools for each 6 week rotation.

**Uniform details:**

Apollo students wear uniforms as part of the professionalism component of their career technical program.  Wearing a uniform is meant to simulate real world work experiences as well as serve as a safety precaution.  Uniforms are ordered from Cappies Sportswear through the Apollo website.  All students who were accepted prior to the first day of school are expected to be in uniform by September 14th.  Students accepted within the first two weeks of school must be in uniform by October 1st.  Students who are  not in uniform by these deadlines may be sent home or have daily grade reductions for professionalism.

**Purchased through Online portal:**

- CE Polo shirt, t-shirt or sweatshirt.

*I recommend ordering enough to get you through one laundry cycle! Don't forget you will change uniforms next year. It may be better to order 4 or 5 t-shirts and you can wear a solid long sleeve underneath. The t-shirts are required to be worn daily. You cannot wear anything but an Apollo sweatshirt over the t-shirt.*

**Can be purchased anywhere:**

- Solid colored khakis or jeans. No shorts. No holes or fraying in any of the pants.
- Closed toe shoes, no sandals, slippers, or crocs.
- You may wear athletic shoes or boots.
- No hats are permitted

**Additional Information:**

Typical School Day Schedule:
School day 8:am – 2:20 pm (busses leave at 2:20, drivers at 2:25)
First year program students have lab 1–4 and academics 6-8 (assigned lunch time)
Second year program students have academics periods 1-4 and lab 6-8 (assigned lunch time)
