Required Notices

IMPORTANT INFORMATION
for all Benefit Eligible Employees

The following Notices are required by the laws surrounding health care plans. Please review these notices. If you have any questions, please contact your Treasurer's office.

Evergreen Election

For those employee benefit programs that allow for employee payroll deductions to be taken on a pre-tax basis, the district's Section 125 Plan allow for such pre-tax deductions. As allowable by law, employee's payroll deductions will be taken on a pre-tax basis unless the employee notifies the Treasurer's office, and completes an election form declining participation. Any change will be effective as of the first day of the new plan year. The salary adjustment amounts will be adjusted automatically to reflect any increase or decrease in the cost of the plans selected. This "evergreen" election applies to all plans as allowable by law to be taken on a pre-tax basis.

USERRA

Your right to continued participation in the Plan during leaves of absence for active military duty is protected by the Uniformed Services Employment and Reemployment Rights Act (USERRA). Accordingly, if you are absent from work due to a period of active duty in the military for less than 31 days, your Plan participation will not be interrupted.

If you do not elect to continue to participate in the Plan during an absence for military duty that is more than 31 days, you and your covered family members will have the opportunity to elect COBRA Continuation Coverage only under the medical insurance policy for the 24-month period (18-month period if you elected coverage prior to December 10, 2004) that begins on the first day of your leave of absence. You must pay the premiums for Continuation Coverage with after-tax funds, subject to the rules that are set out in that plan.

Your Rights After a Mastectomy

Women's Health and Cancer Rights Act of 1998

Under Federal law, Group Health Plans and health insurance issuers providing benefits for mastectomy must also provide, in connection with the mastectomy for which the participant or beneficiary is receiving benefits, coverage for:

- reconstruction of the breast on which the mastectomy has been performed; and
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prostheses and physical complications of mastectomy, including lymphedemas;

These services must be provided in a manner determined in consultation between the attending Physician and the patient. Call your Treasurer's office for more information.

Newborns and Mothers Health Protection Act (NMHPA)

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

HIPAA Special Enrollment Notice

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, contact your Treasurer's office.

The Affordable Care Act

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." This plan does provide minimum essential coverage.

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). This health coverage does meet the minimum value standard for the benefits it provides.

Patient Protection Disclosure

You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, the plan may designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, you may contact the insurance carrier. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the insurance carrier or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, you may contact the insurance carrier.

Summary of Benefits and Coverage (SBC)

As part of the Affordable Care Act, healthcare companies and group health plans must now provide Summary of Benefits and Coverage documents, or SBCs, to help employers, their employees and their families, understand and compare health plans. The SBC and Uniform Glossary are meant to help consumers understand their healthcare coverage, as well as understand common terms used by health plans. Insurance companies and group health plans must provide SBCs in a standard format, and the SBCs can only differ regarding specific plan benefits. This standard format will make it easier for employers and employees to compare plans and shop for a plan that best meets their needs. The Medical & Prescription Drug SBC will be provided to you during open enrollment.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency services
If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

If you believe you've been wrongly billed, or you did not receive the required disclosure form, please contact Customer Service number listed on your Member ID card. Unresolved issues can be directed to the Ohio Department of Insurance Monday through Friday 8 a.m. to 5 p.m. at 800.686.1526 or visit the ODI website to file a complaint.

Certain services at an in-network hospital or ambulatory surgical center
When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

The contents of this document do not have the force and effect of law and are not meant to bind the public in any way, unless specifically incorporated into a contract. This document is intended only to provide clarity to the public regarding existing requirements under the law.

If you get other services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

If you believe you've been wrongly billed, or you did not receive the required disclosure form, please contact Customer Service number listed on your Member ID card. Unresolved issues can be directed to the Ohio Department of Insurance Monday through Friday 8 a.m. to 5 p.m. at 800.686.1526 or visit the ODI website Surprise Billing Resources | Department of Insurance to file a complaint.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
    - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
    - Cover emergency services by out-of-network providers.
    - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
    - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact the Ohio Department of Insurance Monday through Friday 8 a.m. to 5 p.m. at 800.686.1526.

Visit the ODI website Surprise Billing Resources | Department of Insurance for more information about your rights under federal law.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov**.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2026. Contact your State for more information on eligibility –

NOTICE OF PRIVACY PRACTICES
PLEASE NOTE: SEE YOUR TREASURER'S OFFICE FOR THE COMPLETED VERSION

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices ("Notice") applies to Protected Health Information (defined below) associated with Group Health Plans (defined below) provided by Apollo Career Center to its employees, its employee's dependents and, as applicable, retired employees. This Notice describes how Apollo Career Center, collectively we may use and disclose Protected Health Information to carry out payment and health care operations, and for other purposes that are permitted or required by law.

We are required by the privacy regulations issued under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") to maintain the privacy of Protected Health Information and to provide individuals covered under our group health plan with notice of our legal duties and privacy practices concerning Protected Health Information. We are required to abide by the terms of this Notice so long as it remains in effect. We reserve the right to change the terms of this Notice of Privacy Practices as necessary and to make the new Notice effective for all Protected Health Information maintained by us. If we make material changes to our privacy practices, copies of revised notices will be mailed to all policyholders then covered by the Group Health Plan. Copies of our current Notice may be obtained by contacting Maria Rellinger at the telephone number or address below, or on our Website at https://acshp.benefithub.com/.

DEFINITIONS

Group Health Plan means, for purposes of this Notice, the following employee benefits that we provide to our employees, employee dependents and, as applicable, retired employees: major medical coverage, dental coverage, vision coverage, and prescription drug coverage.

Protected Health Information ("PHI") means individually identifiable health information, as defined by HIPAA, that is created or received by us and that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or for which there is a reasonable basis to believe the information can be used to identify the individual. PHI includes information of persons living or deceased.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

The following categories describe different ways that we use and disclose PHI. For each category of uses and disclosures we will explain what we mean and, where appropriate, provide examples for illustrative purposes. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted or required to use and disclose PHI will fall within one of the categories.

Your Authorization – Except as outlined below, we will not use or disclose your PHI unless you have signed a form authorizing the use or disclosure. You have the right to revoke that authorization in writing except to the extent that we have taken action in reliance upon the authorization or that the authorization was obtained as a condition of obtaining coverage under the group health plan, and we have the right, under other law, to contest a claim under the coverage or the coverage itself.

Uses and Disclosures for Payment – We may make requests, uses, and disclosures of your PHI as necessary for payment purposes. For example, we may use information regarding your medical procedures and treatment to process and pay claims. We may also disclose your PHI for the payment purposes of a health care provider or a health plan.

Uses and Disclosures for Health Care Operations – We may use and disclose your PHI as necessary for our health care operations. Examples of health care operations include activities relating to the creation, renewal, or replacement of your Group Health Plan coverage, reinsurance, compliance, auditing, rating, business management, quality improvement and assurance, and other functions related to your Group Health Plan.

Family and Friends Involved in Your Care – If you are available and do not object, we may disclose your PHI to your family, friends, and others who are involved in your care or payment of a claim. If you are unavailable or incapacitated and we determine that a limited disclosure is in your best interest, we may share limited PHI with such individuals. For example, we may use our professional judgment to disclose PHI to your spouse concerning the processing of a claim.

Business Associates – At times we use outside persons or organizations to help us provide you with the benefits of your Group Health Plan. Examples of these outside persons and organizations might include vendors that help us process your claims. At times it may be necessary for us to provide certain of your PHI to one or more of these outside persons or organizations.

Other Products and Services – We may contact you to provide information about other health-related products and services that may be of interest to you. For example, we may use and disclose your PHI for the purpose of communicating to you about our health insurance products that could enhance or substitute for existing Group Health Plan coverage, and about health-related products and services that may add value to your Group Health Plan.

To the extent that we have your substance use disorder patient records, subject to 42 CFR part 2, we will not share that information for investigations or legal proceedings against you without (1) your written consent or (2) a court order and a subpoena.

Other Uses and Disclosures – We may make certain other uses and disclosures of your PHI without your authorization.

- We may use or disclose your PHI for any purpose required by law. For example, we may be required by law to use or disclose your PHI to respond to a court order.
- We may disclose your PHI for public health activities, such as reporting of disease, injury, birth and death, and for public health investigations
- We may disclose your PHI to the proper authorities if we suspect child abuse or neglect; we may also disclose your PHI if we believe you to be a victim of abuse, neglect, or domestic violence.

- We may disclose your PHI if authorized by law to a government oversight agency (e.g., a state insurance department) conducting audits, investigations, or civil or criminal proceedings.
- We may disclose your PHI in the course of a judicial or administrative proceeding (e.g., to respond to a subpoena or discovery request).
- We may disclose your PHI to the proper authorities for law enforcement purposes.
- We may disclose your PHI to coroners, medical examiners, and/or funeral directors consistent with law.
- We may use or disclose your PHI for cadaveric organ, eye or tissue donation.
- We may use or disclose your PHI for research purposes, but only as permitted by law.
- We may use or disclose PHI to avert a serious threat to health or safety.
- We may use or disclose your PHI if you are a member of the military as required by armed forces services, and we may also disclose your PHI for other specialized government functions such as national security or intelligence activities.
- We may disclose your PHI to workers' compensation agencies for your workers' compensation benefit determination.
- We will, if required by law, release your PHI to the Secretary of the Department of Health and Human Services for enforcement of HIPAA.
- And in all cases, if we have substance use disorder patient records about you, subject to 42 CFR part 2, we cannot use or share information in those records in civil, criminal, administrative, or legislative investigations or proceedings against you without (1) your consent or (2) a court order and a subpoena.

In the event that applicable law, other than HIPAA, prohibits or materially limits our uses and disclosures of Protected Health Information, as described above, we will restrict our uses or disclosure of your Protected Health Information in accordance with the more stringent standard.

RIGHTS THAT YOU HAVE

Access to Your PHI – You have the right of access to copy and/or inspect your PHI that we maintain in designated record sets. Certain requests for access to your PHI must be in writing, must state that you want access to your PHI and must be signed by you or your representative (e.g., requests for medical records provided to us directly from your health care provider). Access request forms are available from Apollo Career Center at the address below. We may charge you a fee for copying and postage.

Amendments to Your PHI – You have the right to request that PHI that we maintain about you be amended or corrected. We are not obligated to make all requested amendments but will give each request careful consideration. Allen County Schools Health Plan Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a blood test for blood sugar, cholesterol and triglycerides. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive an incentive of $25 gift card for participating in the biometric screening. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive $25 gift card.

Additional incentives of up to $30 may be available for employees who participate in certain health-related activities activity challenges, stress relief, weight loss or achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Julie Moore, RDN, LD at 419-222-1836 (x120) or julie.moore@staff.allencountyesc.org.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as one-on-one health coaching. You also are encouraged to share your results or concerns with your own doctor.
